

For Your Protection

Group Life Insurance

Eligible employees will be covered by VTC paid life insurance. The plan pays the employee's designated beneficiary \$15,000. The plan also allows for additional benefits for accidental death or dismemberment. The policy is underwritten by Principal Life Insurance Company.

Supplemental Insurance

VTC allows Colonial Insurance to provide supplemental insurance policies to the employees. These policies include cancer insurance, disability insurance, and life insurance. Premiums are paid solely by the employee and VTC does allow these premiums to be deducted from the employee's paycheck.
